

BE HER HERO.

GIVE HER THE QUICK LIFT SHE CRAVES
IN JUST 10 MINUTES.

5 simple steps.

NEW! Copper Bling Technique:
Is ideal for pre-tinted level 5-7 brunettes, redheads, and auburns. Rejuvenate your client's all over color using 9-12 foils.

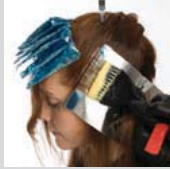

Use Kaleidocolors Gold with 20-volume Pure White to quickly lift selected sections of hair about 2 levels to pop her look with coppery lights.

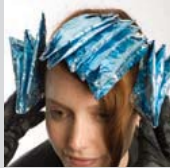

1. Select two or three random areas that will enhance and add interest. Create a classic triangle shape, height and base about 2 inches, off center at part or at the nape of the neck, depending on style of hair.

2. Within each triangle, slice about 3-4 vertical or diagonal slices, skipping about 1/8 - 1/16 of an inch in-between foils.

For more subtle nuances, alternate slicing and weaving for added texture.

3. Apply Kaleidocolors to slices, isolate in foil.

4. Continue working within each triangle until all foils are completed.

5. Process 10 minutes under pre-heated dryer. Rinse, shampoo and condition.
