

Kaleidocolors®

TONAL POWDER LIGHTENER

HOW TO CREATE THIS LOOK

SHATTERED FRINGE TECHNIQUE:

STEP 1: Working from top of head, create a halo section toward top of each cheekbone.

STEP 2: Within halo section starting at the center, create 5 triangle partings.

STEP 3: Starting at center triangle, slice 4 vertical foils in a back-to-back-skip formation. Make sure to follow the curve of the head as you work through the triangle. Alternate between 2 formulas. Saturate each section thoroughly.

STEP 4: Skipping over each adjacent section, continue the back-to-back-skip formation in the remaining two panels. There will be a total of 12 foils.

STEP 5: Process 10 minutes under pre-heated dryer. Rinse, shampoo and condition.

Formulas:

Kaleidocolors Blue + 20-volume Pure White Crème Developer

Kaleidocolors Neutral + 10-volume Pure White Crème Developer
